500

TwinAir Lounge

What you need to know:

Make way for the Fiat 500. A new style icon that combines design cues from the original Fiat 500 with tomorrow's technology. Under those slick, curved lines is interior style never seen before on a car this size. The body-coloured dash houses the beautifully designed and reassuringly solid instruments. The steering is light but responsive, and the three engines deliver performance to match its cheeky looks. It's loaded with the latest safety technology too and proudly boasts a five-star Euro NCAP rating. Add to this over five hundred thousand ways to personalise it, and it's easy to see why this spirited car loves to make you smile.
